2. Hazards Identification

Classification of the substance or mixture: Not classified as dangerous.
Label element: N/A
Other Hazards: Potential for dusting when handled.

3. Composition Information on Ingredients

Contains: Seaweed derived calcium & magnesium oxide

4. First Aid Measures

| <u>Exposure Route</u> | <u>Symptom</u> | <u>Treatment</u> |
|-----------------------|-----------------|--|
| Inhalation | Mild Irritation | Remove from exposure. If recovery is not rapid or complete seek medical attention. |
| Eye Contact | Irritation | Irrigate thoroughly with water for at least 15minutes. If irritation persists seek medical attention |
| Ingestion | Mild Irritation | Wash out mouth with water. Seek medical attention. |

5. Fire Fighting Procedures.

Extinguishing: Does not support combustion.
Fire Hazard: Does not support combustion
Protective Equipment: As standard

6. Accidental Release Measures

Personal Precaution: Use goggles and dust mask in instances of high dust concentration.
Environmental Precaution: N/A
Clean up Methods: Shovel, sweep, vacuum.

7. Handling & Storage

Handling: Avoid formation of dust. Local exhaust recommended if handling large quantities
Storage: Store in a cool dry area.

8. Exposure Controls/Personal Protection

Respiratory Protection: Approved dust mask in high dust concentrations.
Hand Protection: Gloves
Eye Protection: Goggles
Skin: Lightweight overalls

9. Physical & Chemical Properties

| | |
|------------------|-----------------------|
| Description | Fine free flow powder |
| Colour | Grey/off-white |
| Odour | Neutral |
| Boiling point | n/a |
| Flash point | >850°C |
| Water solubility | Insoluble in water |
| Melting point | n/a |

10. Stability & Reactivity

| | |
|-----------------------------------|--|
| Stability | Stable under normal conditions. |
| Conditions to avoid | N/A |
| Materials to avoid | Acids |
| Hazardous decomposition products: | Reacts with acids liberating Carbon Dioxide. |

11. Toxicological Information

| | |
|---------------|---|
| Local Effects | Fine powders may irritate the upper respiratory tract, prolonged skin contact may cause irritation to eyes. |
|---------------|---|

12. Ecological Information

| | |
|-----------------------|--|
| Environmental Effects | None identified. Can be removed from aqueous systems by sedimentation or filtration. |
|-----------------------|--|

13. Disposal Considerations

| | |
|----------|--|
| Landfill | Comply with local authority regulations. |
|----------|--|

14. Transport Information

Not regulated.

15. Regulatory Information

Not regulated

16. Other Information

The information provided in the SDS is correct to the best of our knowledge, information and belief at the date of its publication and is in our opinion consistent with the state of general scientific and technical knowledge at that date but we cannot accept liability for any loss, injury or damage which may result from its use. In compiling this SDS we have taken into account all proper applications of the material of which we are aware. It is the responsibility of any intermediate supplier to ensure that the information contained in this SDS is passed to the ultimate user. If the ultimate user wishes to receive revisions, please notify us and we will make the necessary entry in our records.
